Canadian Rocky Mountain Ranch Store Opening for Summer Season

Canadian Rocky Mountain Ranch is excited to announce the opening of its on-site store for its second summer season. Beginning Friday, May 1, 2009, the store will be open every Friday and Saturday from 10:00am to 3:00pm. Offerings in the store-opening for its second season- will include hormone and antibiotic free elk and bison, raised in a humane manner.

New for this year, the store will be introducing a new line up of convenient 'ready-to-eat' elk and buffalo dishes, prepared by the renowned team of CRMR chefs led by executive chef Alistair Barnes. These family-friendly dishes will be a tasty complement to the existing product line of steaks, roasts, burgers, sausage, jerky and specialty items.

Canadian Rocky Mountain Ranch is part of the Canadian Rocky Mountain Resorts' family of companies, and was originally developed because the lodges and restaurants that are a part of the company couldn't find consistently high quality game meats to serve guests. As public demand for healthier options became more widespread, the idea to open a store to better serve guests outside CRMR's lodges and restaurants developed.

Elk and bison are both very low in fat and high in protein, and a healthy alternative to beef. Served as ribs, steak or sausage, the game meats are a fast-cooking, convenient dinner time solution. Due to the success of last year, the ranch has expanded the store hours to be open Friday as well as Saturday.

A visit out to the beautiful ranch is an excellent outing for families, or anyone looking to escape the hectic pace of the city, if only for a short time. The CRM Ranch is located just outside Calgary, AB. **Also look for the CRM Ranch's booth, at the Millarville Market every weekend this summer, beginning June 13th, where they will be selling their signature bison products.**
